# DIFFICULT POSITION FOR LAWYER

#### WITHDRAWAL" SUGGESTION BY BENCH AGREED

There was an unusual development in a case in which three married women were charged with alleged conspiracy to defraud and obtaining money by take protonces, when, at the resumed hearing before Mr. R. Edwards at the Central Court yesterday, Mr. C. A. Sutherton Russ, representing the three defendants, consented to the sugrestlon of the Magistrate to withdraw his appearance in the case.

The women were Cheng Tse, Ho Suet-ying and Chan Fong, and they were alleged to have conspired to defraud, and to have obtained by false pretences, sums of money totalling \$196 irom Sher Chi, merchant, by pretending that they were in a position to obtain for him tenancy of a house in

Mr. M. A. da Silva appeared for the complainant.

#### PERMISSION REFUSED

At the previous hearing he applied for permission to withdraw the charges against the second the third defendants whom he intended to call to give Crown evidence. The application was again made

yesterday and was refused. Mr. Russ disclosed that he had ceased to act on behalf of the first defendant.

The difficulty which arose when the first defendant was called to the witness-box to defend herself was that Mr. Russ might have to cross-examine her in the interest of the second and third defendants. Mr. Russ pointed out that as the first defendant was a client of his previously and had, therefore, confided in him, it would not be fair for him to cross-examine her. Although he would avoid any question. having any bearing on the first defendant's confidential statement suspicion might arise to jeopardise the proceedings.

#### DIFFICULTIES EXPLAINED

Mr. Russ explained his difficulties to the Court and Mr. Edwards expressed the opinion that it would be in the interests, of justice, and n fairness to the first defendant, that Mr. Russ should withdraw from the case.

Mr. Russ agreed to the suggestion and applied for an adjournment to enable the defendants to obtain further legal advice.

The hearing was adjourned October 5.

## CHINESE BANK CLERK HIT

#### British Soldier Convicted

Private Cyril James Kennelly, 24, of the Middlesex Regiment, was convicted at Kowloon Court yesterday, before Mr. E. Himsworth, of assault on this person of Won Kaiyu, a clerk of the Central Bank of China, in Hankow Road about 12.30 a.m. on September

Kennelly was bound over on a sum of \$20 to be of good behaviour for a period of 12 months, and ordered also to pay \$15 compensation to complainant towards the cost of a wrist watch lost in the course of the assault.

It was alleged that there were at least three other soldiers present who participated in the attack on the complainant, who claimed, in evidence, that he was pushed against a wall, hit on the ear and suffered a burn from a cigarette-end.

The defendant and three other soldiers were arrested at the Kowloon Hotel, and all four were charged with robbery, and assault. The charges of robbery were dismissed against all four men subsequently on the ground that there was not sufficient evidence to proceed with the case against them, and the charge of assault was dismissed also in the case of three of the defendants,

At a meeting of the Hongkons Chinese Manufacturers' Union yesterday afternoon, the chairman. Mr. In Lan-chuen announced that since the restrictions prohibting imports in 36 categories had been announced by the Government of the Federated Malay States last month, it had been found that Hongkong goods would be allowed entry if the materials used in their manufacture were of United Kingdom or Empire origin.

#### Theft Of Three Moon Cakes

A street coolle, Li Kong, with three previous convictions, appeared before Mr. R. A. D. Forrest at the Central Court yesterday on a charge of theft of moon cakes from the Heung Hol tea shop, of No., 426, Hennessy Road.

Inspector A. V. Baker said that at 3 a.m. yesterday, the defendant was seen taking the moon cakes with a bamboo pole sharpened at, one end.

Li pleaded that he was out work and was hungry. He failed to give a reply when Mr. Forrest asked him whether he had intended to finish three moon cakes to satisfy his hunger.

Sentence of two months' hard labour was imposed.

the struggle in China into another "Spanish" war. As one of them phrased it, "the China incident will liquidated, but there may be a long civil war between the two governments." Without reality in China, this formula will certainly be exploited to the full in convincing the much -befooled people of Japan, who know, if they know anything that they are heartily sick of the endless pouring of men and wealth into the pit of the Continental policy without any tangible result. Now, it is clear. Tokyo will conclude! sons, together with de with Wang Ching-wei the "peace" it has been unable to impose upon Nanking. WHILE THIS airy structure is being built in the occupied territories, a new offensive strangely. has been undertaken in Hunan to further impress the Chinese people and their Central Government with the reputed invincibility of Japanese arms.

THAT CHINA will not falter in the face of this combined politico-military offensive, that she will preserve both her independence and the friendships that go with strength, is guaranteed by the fact that never-in all these twenty-seven months of resistance—has she faltered in her determination to continue fighting or sought to solve by compromise a situation that obviously called only for perseverance along the course already taken. For this reason, China need fear neither the fate of Czechoslovakia nor the fate of Poland. Japan is trying to impose on her the fate of Spain. But the power and resources of the Chinese people and weakness of Tokyo and its puppets make this also impossible.

# That Angora Sweater

Oh! You will be definitely expose your brow to add length out of place this autumn, to the diagonal of the nose. Off- when cooler days and winter the-face toques, gamin caps and arrive, unless you have an hats with peaked crowns do that angora sweater.

The less naive they are, the bet-These "Attle soft, long-haired sweaters are driving the women of Europe and America crazy! Perhaps you iret because your Everyone is working their fingers chin is a triffe aggressive. A long evertime in knitting an angora"

at the sides, has minimizing effect. They are worn with skirts, soft and you should also build your squshy woollen models. And with women do not feel centred toward the brow by dinner or dancing rock.

WHITE POPULAR White appears to be most choice than severe ones for this in deep rose, scarlet, greens, pink, and tans. Of course, the sweater colour is dictated by the skirt tone or the jacket.

Don't feel that the new angora sweater style is an extravagence for the best looking ones are handmade. Every female from 16 to 60 is busy with a ball of angora wool and a pair of knitting needles, and voilal Ones of the katest raves of the fashion world is yours inside of a week! Such inexpensive smartness naturally proves popular.

## Round The Shops

Shopping notes: have the local ladies had time to make them? And have they had a minute to sit down and examine the fashion periodicals as to "what is what" in the coming season's fashlon

wardrobe? The answer is probably, no! Races, war, hotel entertainment openings, new steamers calling and all the rush of each day allows little time.

Therefore, maybe a few of the suggestions below will start the winter shopping season ideas.

#### **EXCLUSIVE SWAGGER:**

When you say "Jaeger" i means exclusiveness and smartness in style, Take us up on it and march into LANE, CRAWFORD'S where the new "Jaeger" selection of swagger and sport coats are now on display.

"Rodex" models are also definite good bets. The two particular makes of coats for outdoor informal wear are in browns, greens, blues, greys and tans. The new Llamovel-Curl material is very interesting and quite sporty. And of course the popular cashmere material is always a fond fancy in this type of coat. Sizes range from 32 to 40-and be sure to inspect the linings; they are new and different in ideas and quite intriguing."

#### **NEW CHAPEAUX:**

A hat can do wonders for your disposition and your appearance. And this is probably the real reason for hat madness at the commencement of each season. MAYOS, in the Arcade are hatminded these days. Their new shipment of tailored models and the more formal styles are products that will amaze and thrill you. They had certainly made a fine selection and fear not the styles include those for the more difficult faces and profiles.

Felts in blues, blacks, browns, rusts, are tailored in the latest styles of high crowns, off-theface models, vagabond brims, stove-pipe and flat sailor types. The trimmings in millinery this year are very dashing, particularly the treatment of feathers and veils where the unusual expression wil make you most dashing.

"A limited number of in-between season fleece wraps have just been received. These short, swagger coats are in pastel, and a few are lined for added warmth

#### THE AUTUMN SUIT:

In fact, there contains one or two suits. This your husband's affairs? In hats, see that the interest is the evening over a tailored crepe. The new ones for autumn have just been received by RIVELLE. in the Arcade.

The tailored suit in colourful and subdued shades of novelty woven woolens vary in styling. The two piece suit of skirt and jacket is similar to last year's model except the jacket is longer and a bit more fitted. Boleros are replacing the jacket in many cases and the dressy suit of crepe frock and three quarter coat is very new this season and most becoming.

Velvet will be tops during the coming months in both afternoon and evening wear Note the new frocks for tesing, dining and dancing and particularly the yelvet creations which you will be unable to resist.

#### OH! THAT HAT:

This will be your exclamation when you enter REME. the specialty shop on the second floor of the Asia Life Insurance Building. The new hats here are copies. from the exciting creations of Paris and New York. A little daring but what they do to the costume and personal moods it well worth your rashness. Fur felts in blues, browns, blacks have been twisted smashed and

squashed into unusual styles whose dash is accentuated by the novelty use of feathers, ribbons quills, and veilings. Don't forget to inquire for the

inexpensive costs of refurbishing your last season's bonnet. They do a splendid job of cleaning, reblocking and creating a new hat you have mever seen before out of that old felt of yours.

The handbag selection is outstanding for the tailored costume. These bags, inexpensive, are in colours easily matched with other accessories, and the styles are inconspicious in their tailored smart-

# Heaviest Budget Burden In Years For Britain

LONDON, Sept. 28 (Reuter)—The main figures of the Budget make the revised "estimated expenditure current . £1,933,000,000. The revised estimate of revenue. including . £107,000,000 from new taxation, amounts to €995,000,000.

This leaves £938,000,000 to be met by borrowing. of which £500,000,000 are already authorized to be met from defence loan moneys.

The effective resolutions for giving legislative force to the proposals were agreed to unanimously within 100 minutes of Sir John Simon's speech and the general debate opened.

LONDON, Sept. 28 (Reuter)-Sir inflation which Britain intends to John Simon's drastic Budget, make unprecedented financial affecting rich and poor alike, has efforts to avoid. caused an enormous impression throughout Britain and is regarded as the best possible proof of the country's determination to carry out a supreme war effort."

INCOME TAX The Income Tax of 7/6d is the highest since the tax was first introduced in 1798 and compares with 1/3d at the start of the last, war and the highest previous heed to considerations of political figure of 6s.

The Budget as a whole, writes Reuter's City Editor, represented undoubtedly the heaviest burden ever undertaken by any free nation in history.

The Budget proposes to raise about 51 per cent, of the expenditaxation, which is almost double the Great War's proportion, which, for instance. from 1915 to 1916, was 22 per cent. H.K. Docks ..... 100 CRUX OF BUDGET

# Remarkable Advance By Sterling

#### BRITAIN'S WAR BUDGET REACTIONS

NEW YORK, Sept. 28 (Reuter)-Sterling made a remarkable advance from 'yesterday's rate of 400-1/2 to to-day's high rate of 102-1/4.

The rise was influenced by shorts covering and small local trade demand and progressive decrease in supply, which is the major factor of the recent recovery. War Costs

The improvement coincided with the introduction of the British Budget, with traders pointing out the fact that war costs would largely be met by increased taxation and the £500,000,000 war credit recently world would dast. The Budget pays very slight until March.

Meanwhile, some conjecture as to popularity, as indicated by the whether Britain might not be selling dollars for some substantial deposits in foreign exchange and currency which had been received through Britons turning them in at British banks in response to yesterday's statement by Sir John Simon, the British Chancellor of ASSOCIATION the Exchequer.

# Rape Case At Criminal Sessions

#### COMPLETE DENIAL BY INDIAN

A complete denial of all the allegations of the prosecution was in the witness-box by Bahadur Khan, Indian pol ce special guard, when he stood trial at the Crim nal Sessions yesterday before the Chief Justice, Sir Atholi MacGregor, on the charge of raping Lau Chung, 55-year-old widow, on the hi side at Deep Water Bay on July 12.

Mr. M. J. Abbott, Assistant Crown Solicitor, prosecuted, assisted by Insp. J. O'Donovan. Accused was not represented. The following comprised the Jury: Messrs. V. Liu (foreman), A Cheung Yau-kuen, E Low Black. Wei Tat. Yeung Shun-hang and Yung Nai-foon.

The case for the Crown was that Lau Chung went with her friend, Mok Ying, to Deep Water Bay met defendant, who accused her the Colony's social set. of stealing wood from the Government plantation. It was alleged in Hongkong are quite limited and that defendant struck her and then dragged her to a spot, where she was forced to the ground and "had her trousers removed. She shouted for help, it was stated, but found it useless to struggle against defendant, who was much stronger than herself,

#### INFORMED FRIEND

She informed her friend of what had happened and later Mok Ying made a report to the Aberdeen police station. Lau Chung was sent to the Queen Mary Hospital where she was examined by Dr. T. K. Lien, who found signs of her having been criminally assaulted.

Defendant, on being told at Wongneichong police station of the complaint made against him, made a complete denial.

Lau Chung and Mok Ying gave corroborative evidence, after which Dr. R. S. Begble, Acting Government Bacteriolog'st, testified that he examined Lau's trousers and a plece of cloth and found traces of blood thereon.

Lien testified that the woman suffered from lacerations of the womb, which in his op nion were consistent with the use of force. He found no marks to indicate that there was, a struggle.

#### IDENTIFICATION PARADE

Mr. F. W. Shaftain, A.S.P., gave evidence of holding an identification parade a week later at Stanley Prison, where defendant was picked out. Formal evidence was also given that accused was on the day in question on duty from 8 a.m. to 2 p.m. in Stubbs Road and around Wongneichong Gap.

Giving evidence on his own behalf, accused said that when he was on duty that day, he saw, about 1 p.m." a woman carrying a. small quantity of wood about five or six hundred yards from Wongneichong police station. When she saw him, she dropped the wood and jumped into a stream.

Accused said he questioned the woman as to why she had stolen the wood from the Government plantation, and she then begged him to excuse her and promised she would not do so again. After this, the woman went her and he went his, and he could not even say whether Lau Chung was | 26 cts. the woman he met or not.

He completely denied all allegations that had been made 27 cts., In any other packing, per against him in connection with | lb. 14 cts. the charge.

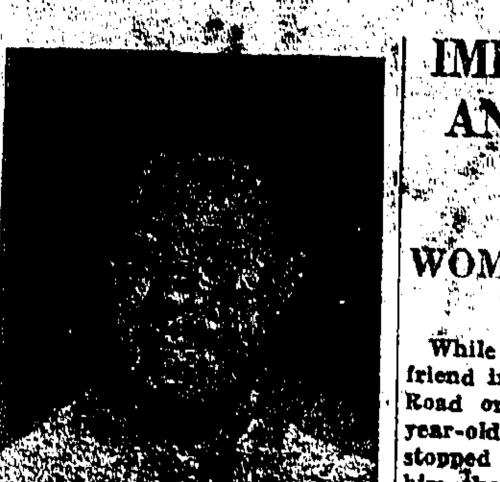

#### NEVER AGREED

Cross-examined by Mr. Abbott as to why his solicitor in the lower Court had put in the defence that there was consent, accused said such was never his defence. He said his solicitor had invented it, but he had never agreed to it.

Mr. Abbott then applied to His Lordship to call evidence of rebuttal of accused's defence on the ground that he thought the defence would be based on consent.

A golf caddle, Chan Bong-ming, was then called to the witnessbox. He said that he saw defendant about 11,30 on July 12 descend to Deep Water Bay from a hill path. Defendant walked on to the motor road, and returned in about 10 or 15 minutes and proceeded again up the hill by a,

path beside a stream. When the Chief Justice asked the week it was how he could remember it was Accused stated that he never Lo Ming-yu, former general mana-July 12, witness said he had looked saw the caddle on July 12, but had ger of the United Photoplay Serup the date on a calendar.
